

V4.0.2.3

THANK YOU FOR DOWNLOADING THE GETEPAY PLUGIN FOR OPENCART. Along with this integration guide, your download should also have included your plugin in a .zip (or compressed) format. In order to install it, kindly follow the steps and instructions outlined below, and feel free to contact the Getepay support team at [support@getepay.in](mailto:support@getepay.in) should you require any assistance.

## Installation instructions

### STEP 1

Login to your OpenCart admin area.  
Navigate to “Extensions” -> “Installer”.  
Under “Upload File” click the “Upload” button.  
Select the “getepay.ocmod.zip” file.  
Then click the “Install” button (green plus sign).

### STEP 2

Navigate to “Extensions” -> “Extensions”.  
Under the “Choose the extension type” section, and select “Payments” from the dropdown.  
Once there, you’ll notice your Getepay plugin for OpenCart is available in the list.  
Simply click the “Install” button (green plus sign).

### STEP 3

Now click the “Edit” button (blue pencil) and input your Getepay Config Details as supplied by Getepay, then update “Status” to “Enabled”. Configure your desired order statuses on the “Order Status” tab. Finally, click the “Save” button near the top.

Getepay will now be available as a payment method on the checkout page.
